

Burham CE Primary School Guide to the Use of Images Online

Using Images Safely and Responsibly

We all enjoy and treasure images of our family and friends; family events, holidays and events are moments we all like to capture in photos or on video.

We now have the exciting dimension of adding our images and videos to our online social networks, such as Facebook, YouTube and many other websites. This means that we can easily share our photos and video with family and friends.

Whilst this can be very useful to all of us, we must ensure we protect and safeguard all children and staff, including those who do not want to have their images stored online.

What should we all think about before posting any images or video online and are there any risks?

- Once posted and shared online any image or video can be copied and will stay online forever.
- Some children are at risk and **MUST NOT** have their image put online. Not all members of the community will know who they are.
- Some people do not want their images online for personal or religious reasons.
- Some children and staff may have a complex family background which means that sharing their image online can have unforeseen consequences.
- Therefore in order to keep all members of the community safe we must all **'Think Before We Post'** Online

At Burham CE Primary School we are happy for parents and carers to take photos and video of events for personal use but request that these images are not distributed or put online. This is to protect all members of the community.

We thank you for your support,

**Respect and Care for the
Whole Community when taking
Photos and Videos**

We are happy for parents and carers to take photos and video for personal use but request that these images are not distributed or put online if they contain images of other children, adults or staff without consent. This will help protect all members of the community

Thank you for your support
