

COMPASSION, ACCEPTANCE, RESPONSIBILITY, FORGIVENESS, TRUST

Using the School Library: Home / School Agreement

The children at Burham C.E Primary School have the exciting opportunity to borrow books from our school library. We hope that we can work together to provide valuable reading opportunities for our children by allowing the children to borrow books they have chosen, in addition to their reading scheme books. As part of learning how to use the school library properly and so that we can look after this fantastic resource, our aim is that we will support each other in the following ways:

- By ensuring that the books are treated with respect and that we take good care of them.
- That we treat all the adults and children helping in the library with respect.
- By returning books that we have borrowed promptly and in good condition.
- That we understand that books are a valuable school resource, an important part of education and something we can enjoy.

Due to the on-going commitment to develop and up-date the library, it will be necessary to place a minimum charge of £5 for any lost or seriously damaged books (this charge will be put towards a replacement).

We have read the above and agree to support the school in carrying out all of the items listed.
