

Sports Premium Action Plan

2016-2017

Autumn 1 and 2 update

Key Focus 1: Continue to develop the outdoor environment in order to encourage activity for a healthy lifestyle

Evaluation				
<p>The school has a large playing field and wooded area. Due to British weather conditions it had previously been out of use for a number of months, however this is no longer the case and the field is used consistently. Waterproof trousers have been replaced as the original ones took quite a hit they were used so much! In previous discussion with staff it was felt that there were lost opportunities for using the outside learning environment to its full potential. Therefore for the last 2 years there has been an expectation that it is used to promote learning and is planned in for a minimum of once a term. The planning is collected by the headteacher. The changes introduced have become embedded: the children being asked to bring in wellington boots so that they can go on the field at lunchtime ; children who wish to play football can bring in a change of clothes and the wooded - allowing the children to access this with staff at lunchtime.</p> <p>The school always makes full use of the Tesco and Sainsbury voucher schemes and uses them to replace and update sports equipment. The school still has a Cross Country Club who continue to run outside of the school. We continue to provide each year group with their own football for football, netball or basketball. The old netball posts have been replaced.</p>

Key Focus 2 Clubs: Enable equal opportunities for pupils to access after school clubs

Evaluation
The school has a football and gymnastics club that are run by outside providers and on the letters when children sign up for clubs it does state that Pupil Premium children would be paid for so as not to disadvantage them. We have a group of volunteers who run a Cross Country Club and Sports Premium has previously paid for water bottles and hi-vis vests. The school is looking to source a dance club that will run on 2 separate nights for KS1 and 2 respectively – clubercise for KS2 and cheerleading for KS1.

From the Sports Premium allowance 2016-2017(next financial year) more equipment for Early Years outside area and staff training will be purchased.

Acting on a comment made by a parent in July 2016 it was agreed by the Headteacher that Sports Day did need a fresh look. So some Sports Premium funding allocated in the next financial year will be used to buy equipment/resources to go with the updated plan for this event. The planning will be led by the Headteacher and a Teaching Assistant with a background and qualifications in fitness instruction, working with multiple agencies.

Sports Day equipment: £495
