Should permission be given to take images off site, all relevant details are to be recorded, for example who, what, when and why and data will be kept securely (e.g. with appropriate encryption).
- The Data Controller and/or DCPC reserve the right to view any images taken and/or to withdraw or modify a member of staffs' authorisation to take or make images at any time.

- Photographers will sign an agreement which ensures compliance with the Data Protection Act and that images will only be used for a specific purpose, subject to parental consent
- Photographers will not have unsupervised access to children and young people

Use of Webcams

- Parental consent will be obtained before webcams will be used within the setting environment for curriculum or educational purposes.
- All areas which are covered by webcams for security or safeguarding purposes will be well signposted, and notifications are displayed so that individuals are advised before entering such vicinity.
- Recordings will be retained for a limited time period only and for no longer than their intended purpose. This will generally be a maximum of 30 days. All recordings are to be erased before disposal.

Photographing Children: Frequently Asked Questions for Parents/Carers

Why do we need a policy?

Schools, playgroups and youth groups have always used photographs as a way of celebrating achievement or seeking publicity for fundraising etc. Parents and families and the children themselves often derive great pleasure from seeing their loved ones in print or on a website. We want to ensure that everyone can continue to enjoy these activities safely. However parents need to be aware that placing any identifying information in the public domain has risks. Parents need to understand these issues in order to give properly considered consent. It is important that parents and schools have the opportunity to fully consider the issues before any problems can arise.

So what are the risks?

The most highly publicised and worrying risk is that a child who appears in the paper or on a web site may become of interest to a predatory sex offender. Locating people through the internet has become extremely easy, using widely available software, so if there is a picture and the name of a setting or youth group and the name of the child it could be quite easy to find out the child's address and even work out their likely route to school/the setting. There are also other specific groups of children and families whose safety could be put at risk if identified e.g. families fleeing domestic abuse.

To limit these potential risks, we will take appropriate steps, as outlined in the attached consent form, to safeguard children and the wider community.

Isn't this just scaremongering?

Sadly no. We have had cases in Kent of families receiving unwelcome phone calls following appearances in the press. However this is rare so it is important to have a sense of proportion in these matters. Remember we want to celebrate success and achievement but parents must be aware of risks in order to make an informed decision.

What about school/setting websites?

The same concerns apply to school/setting controlled sites and there is an added concern that images of children may be copied directly from a site which can then be manipulated or changed by another person. Settings/Schools can copy protect images and use lower quality images which means they cannot be usefully enlarged but this can be bypassed so must not be relied upon to keep images safe.

I want to do my own recording of the school/setting play/event is this ok?

Taking pictures or recordings of *your own children for your own personal use* is ok. The difficulty arises with plays or other events in that other children may also be filmed. It is important that we are all aware that some members of the community (children or adults) may be vulnerable and must not have their image shared online as they could be put at risk from harm. You may not always know who these people and we need everyone's support to protect the whole community. It's also important for us all to role model positive behaviour for children, so it might be a sensible idea to check first before posting any images online which contain other children than your own.

Parents/carers should not copy images from the school/setting site without appropriate permission from the school/setting.

If you wish to make any changes, please email the school office: office@burham.kent.sch.uk or call the school on 01634 861691, and we will supply you with a new form. If you have any questions, please contact the school office.

Why are we asking for your consent?

You may be aware that there were new data protection rules which came in from 25th May 2018. To ensure Burham CE Primary School meets the requirements, we need to obtain your consent under these regulations to take and use photos of your child.

We really value using photos your child to showcase what they do in school and demonstrate what school life is like to other stakeholders and the wider community, so we really appreciate you taking the time to give consent again.

Furthermore, it is hugely beneficial to be able to identify children with educational, dietary or medical needs to all staff, to safeguard and ensure their well-being.

Burham CE Primary School Guide to the Use of Images Online

Using Images Safely and Responsibly

We all enjoy and treasure images of our family and friends; family events, holidays and events are moments we all like to capture in photos or on video.

We now have the exciting dimension of adding our images and videos to our online social networks, such as Facebook, YouTube and many other websites. This means that we can easily share our photos and video with family and friends.

Whilst this can be very useful to all of us, we must ensure we protect and safeguard all children and staff, including those who do not want to have their images stored online.

What should we all think about before posting any images or video online and are there any risks?

- Once posted and shared online any image or video can be copied and will stay online forever.
- Some children are at risk and **MUST NOT** have their image put online. Not all members of the community will know who they are.
- Some people do not want their images online for personal or religious reasons.
- Some children and staff may have a complex family background which means that sharing their image online can have unforeseen consequences.
- Therefore in order to keep all members of the community safe we must all **'Think Before We Post'** Online

At Burham CE Primary School we are happy for parents and carers to take photos and video of events for personal use but request that these images are not distributed or put online. This is to protect all members of the community.

We thank you for your support,

Whole Community when taking
Photos and Videos**

We are happy for parents and carers to take photos and video for personal use but request that these images are not distributed or put online if they contain images of other children, adults or staff without consent. This will help protect all members of the community

Thank you for your support
