The End of another great year

The Editor's Review

By Thomas Day

“Overall this has been a very good term. Our school has changed a lot from the beginning of term up to now. WE have received 3 new exercise machines and a lot more students. The PTFAs Summer Fair was a success as usual and we all look forward to another great one next year. All of our school trips were great fun, including the Year 6 trip to London to see Wicked! Finally, everyone on the news team wished Year 6 good luck at their new schools and we hope everyone has a great summer”.

Report on School Equipment Adventures!

HARRY DAY HAS A LOOK AT THE FUN EQUIPMENT THAT THE SCHOOL HAS BEEN DEVELOPING AND INSTALLING OVER THE PAST YEAR.

Here at Burham Primary School we have lots of sports equipment in our sheds and our classrooms. We have hula-hoops, footballs, cones, tennis rackets, tennis balls, baseballs, bats, softballs, basketballs and yoga mats. Furthermore, we have a shed on our concrete playground which contains foam stilts, hula-hoops, tennis rackets, skipping ropes, balls, cones and frisbees. Our field has recently been developed and the new features include a wooden shelter, an obstacle course named the trim trail and finally our most recent addition to the field, three exercise machines.

BOOK CORNER REVIEW: WORLDS WORST CHILDREN 3 BY DAVID WALLIAMS.

Review: Amelie Masih

This book review is on the Worlds Worst Children 3, one of **DAVID WALLIAMS** most gruesome books ever. He and his illustrator Tony Ross have created this gruesome number one best selling book.

This book is brilliant because it is very humorous and it's about made up children who are really naughty! I liked it because its really funny and sometimes a bit disgusting (I hate those bits because they're so gross), like in one story it was about triplets. One ate earwax, another ate belly button fluff and another ate bogies which is so disgusting....I thought it to be the worst of all the stories in the series. My favourite story is Kung Fu Kylie because I do Kung Fu and I really enjoy it (and she is awesome at it!) The story that I really hate is...The Terrible Triplets because they are **HORRIBLE AND DISGUSTING** as I said before.

I would recommend this book to 6-10 year olds.
